Whoa girl

also stop, cease, terminate, and any other 'similar' exclamation that will induce you to bring your present train of thought to an immediate and screeching halt. Well it would appear that, with my usual swiftness and accuracy, I have managed to do it again. Rest assured that I have never been nor shall ever be offended in the slightest by anything you care to write. The mere fact that you take the time to write is more than sufficient to cancel any negative aspects of a letter itself. (also it helps stop those nasty rumors that I don't know anyone who can write.)

I like to tell myself that I have a fairly open mind (any thoughts you may have that this condition is brought about not through liberality of thought but by certain gaping apertures in my cranial structure should be immediately squelched

as being utterly ridiculous).
so feel free to mention any-
thing you wish from now on.

Well so much for lofty sentiments
and murky explanations. How's
things back in civilization been
to any good riots lately? I always
say theres nothing like a good
riot back in the world to take
your mind off the war. Things
around here are pretty much the
same about the closest description
would be to say they are bearably
unbearable. By the time you get
this scratch sheet I should be
off this hill, it seems my presents
is desired back in the rear so heres
hoping they put me in the comm
shack and not back in the bush.
Actually its silly of me to worry
and I really ought to try and get
over this unreasonable fear of death
and dismemberment but then I guess
we all have our little crosses we
must bear.

as you can see Im still using

one of these really terrific pens
they send us so a solid back-
ground in cryptology might
be advantageous in reading my
letters. Other than that there's
not much more I can think
of so once again I shall melt
back into the underbrush like
the shy forest creature I am and
wait until I must sally forth
once again, pen in paw, to
try and explain why I haven't
written.
